Hailemichael Tamirat

Software Engineer

Addis Ababa, Ethiopia · hailemichaeltamirat21@gmail.com · +251 975 402 480 · LinkedIn · GitHub

Professional Summary

Software Engineer with a B.Sc. in Computer Science and hands-on experience building responsive web applications and database-driven systems with React, Next.js, JavaScript, PHP and MySQL. Delivered an employee management platform in a six-person agile team and built a React ordering application with full cart logic and persistent state. Backed by professional training in software development and quality assurance at IBT College of Canada, covering testing fundamentals, Git workflows and APIs. Seeking a software engineering role to build reliable, user-focused products.

Technical Skills

Languages: JavaScript, Python, PHP, HTML5, CSS3

Frontend: React.js, Next.js, Tailwind CSS, responsive design

Backend & Databases: PHP, MySQL

Tools & Practices: Git, GitHub, Visual Studio Code, Figma, agile methodology, software testing fundamentals, API integration

Strengths: Problem-solving, clear communication, team collaboration

Projects

Adis Eatery — Restaurant Menu & Cart Application (2026) *React.js, JavaScript, HTML, CSS*

- Built reusable React components for menu items, dishes, navigation and page sections.
- Implemented full cart functionality: add, remove and modify items, quantity management and dynamic totals.
- Persisted cart data across page refreshes using browser local storage.
- Designed a responsive, user-friendly restaurant interface.

Employee Management System (2024) *HTML, CSS, PHP, MySQL*

- Developed a web-based system to manage employee records, onboarding, attendance and payroll.
- Collaborated in a six-person team using agile methodology.
- Reduced manual HR processes for the test organization.

Education

Bachelor of Science in Computer Science — Salale University (2022/23 – 2025/26)

Professional Training

Advanced Digital Skills: Software & Quality Assurance — IBT College of Canada

Six-month program covering software development, testing fundamentals, Git workflows, APIs and professional practice.

Languages

Amharic (native) · English (fluent)
